Respected Sister,

SUB : Report regarding our social activities with Nakkubetta Foundation.

Nakkubetta foundation is a platform for many people to get a realistic and ground level knowledge about education, environment, culture, spirituality etc. It also plays an important role in inspiring the youngsters and giving awareness to the society.

We had an opportunity to meet the Director General of Linguistics from Calcutta . We had a healthy discussion with the Director General regarding the preservation and enhancement of our mother

language . We were given a great project . Here we had a ground level collection of nearly 3000 baduga words and sentences . This project was hand overed to the Director General as a documentation under the guidance of Nakkubetta Foundation. This project gave us self confidence to move further with our future works . We have got an opportunity to know and analyze many things of the society by hearing the thoughts of different kinds of commonmen and scholars . Adding to that we have been given few responsibilities which helps in enhancing our leadership and administration qualities. We have a clear picture of the groundlevel reality of the society. We have learnt many technical things . These days have helped us to know the value of time .We practiced to handle the pressure which can arise at any time and find answers and alternatives even during those pressure times by handling live telecasting programs. At those times of live handling we are supposed to have 100% concentration. That helps us stay focused.

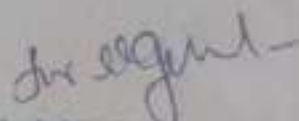

Thanking you

Yours Faithfully

Respected Sister,

SUB : Report regarding the Social activities with Nakkubetta Foundation.

Under the guidance of Nakkubetta Foundation, a team which is lead by youth named **Soldiers of Society(SOS)** was formed. This was a great platform to gain knowledge about our culture and the current events taking place day to day. In the month of January we had many healthy discussions on our culture and ancient practices of our ancestors. Knowledge on this will help us to preserve our culture for years and years . We have done research on our antique things used by our ancestors which gives us vast understanding on our tradition and practices.

Next, we had a great opportunity to learn many matters indepth on our language which was taught authentically by Dr. Anandan Raju, Linguistic Analyst .It is like a revival of a tribal language which has great heritage. ~~We-we~~As the Language is the career of a culture. This teaching was very helpful to us to know the importance of our mother language and the speciality of our culture. We also realized our responsibility towards the society and culture .

Thanking you

Yours Faithfully
