Sir/Madam

I am bringing this need to your kind self, about Miss. K. Vithya, a girl from one of the tribal villages in Nilgiris, who completed her 12th standard and got admission in 'Providence College for Women' and is allowed to attend classes on a condition that she has to pay the subsidised fee. As I see the need of the community, especially in the area of "Education" I want to help selective individuals for their upliftment, who have the desire to study and serve their own community, who are living deep inside the jungles of the triune states viz. Kerala, Tamilnadu and Karnataka, and Vithya is one among those deserving people.

As this community doesn't have much literacy rate themselves, now in the recent past, amidst many struggles, a handful of them are becoming graduates. These students are the first generation literates of this community. Their parents being daily laborers, working in Tea and coffee Estates, are not affordable to pay for education of their children's financial needs like college fees, books, traveling, hostel fees, mess fees etc.,

Hence we have brought to your kind self to extend your helping hand to support her who had got admission for B.A., Economics in Providence College in Coonoor and expressed her desire to study and to contribute to her own community. Thankfully the college gave her admission by subsidizing her college fees and her hostel fees. Her parents tried hard to raise funds for the past three months but couldn't succeed.

I have enclosed fee details about Vithya's financial assistance needed to complete her college studies. I request you to invest upon her educational needs which will help this community come under scheduled Tribes, one among the 6 'Primitive Tribal Group'(PTG) in Nilgiris as per Government gazette.

I would be grateful to you, if Vithya would receive financial aid, and would be thankful for investing in the making of a graduate who is a deserving person.

Thanking you
Yours sincerely

P. Thomas Raj Mohan, Chennai
