Dear Madam,

Sub: Requesting Volunteers from your college for a Nationwide Survey on Education- Rge

ASER stands for Annual Status of Education Report. This is an annual survey that aims to provide reliable estimates of children's enrolment and basic learning levels for each district and state in India. ASER has been conducted every year since 2005 in all rural districts of India. It is the largest citizen-led survey in India. It is also the only annual source of information on children's learning outcomes available in India today.

Unlike most other large-scale learning assessments, ASER is a household-based rather than school-based survey. This design enables all children to be included – those who have never been to school or have dropped out, as well as those who are in government schools, private schools, religious schools or anywhere else.

In each rural district, 30 villages are sampled. In each village, 20 randomly selected households are surveyed. This process generates a total of 600 households per district, or about 3,00,000 households for the country as a whole. Approximately 7,00,000 children in the age group 3-16 who are residents in these households are surveyed.

Information on schooling status is collected for all children living in sampled households who are in the age group 3-16. Children in the age group 5-16 are tested in basic reading and basic arithmetic. The same test is administered to all children. The highest level of reading tested corresponds to what is expected in Std 2; in 2012 this test was administered in 15 regional languages.

Every year, some additional tests are also administered. These vary from year to year. In 2007, 2008, and 2012, for example, children were tested in basic English. In addition, basic household information is collected every year. In recent years, this has included household size, parental education, and some information on household assets.

ASER tools and procedures are designed by ASER Centre, the research and assessment arm of Pratham. The survey itself is coordinated by ASER Centre and facilitated by the Pratham network. It is conducted by close to 30,000 volunteers from partner organizations in each district. This year ASER has partnered with Nilgiri Adivasi Welfare Association to conduct this survey in Nilgiris District.

We will want 30 volunteers for this survey and we will train them on on how to conduct the survey. They will also get a small stipend and a certificate of participation for taking part in this survey.

The Training has been scheduled for three days

- From Wednesday, 19-Oct-2022 to 21-Oct-2022 in DIET Campus Kotagiri.

The Survey itself will be done in Two Phases,

- First Phase i.e., on Friday, 19-Oct-2022 and Saturday, 30-Oct-2022
- Second Phase i.e., on Friday, 05-Nov-2022 and Saturday, 06-Nov-2022

I kindly request your good self to accept our request for volunteers and help us by supporting the survey with your college students.

Our Master trainers Mr. Theunbarthy & Mr. Anil Belle will Coordinate with Faculty of your college to get the volunteer list with their mobile numbers in a day or two.

Note: Any change on the dates will be notified and coordinated with the respective student volunteer and Staff Incharge

Thank You

Yours Sincerely

For The Nilgiri Adivasi Welfare Association
